

1. Redesign, Implement and Create better versions of any one of the following websites:

- [IIITV-ICD's official Website](#)
- [ISRO's official Website](#)
- [BSNL's official Website](#)
- [DRDO's official Website](#)
- [CodeForces's official Website](#)
- [CBSE's official Website](#)
- [Ministry of Health](#)
- [IRCTC's official website](#)

General Instructions:

- You need to create a minimum of 10 webpages, [landing page and 9 linked pages].
- Your website should communicate the same “amount” information as the original website.
 - For instances: Homepage of IIITV-ICD conveys news, images, 8 navigation tabs, announcement part etc
- You are expected to create only Frontend and information does not need to be up to date.
- Check [Github Repository](#) for news and updates.
- Result will be announced in the Month of April and will be updated accordingly.
